

QUALITY POLICY STATEMENT

Quantum Controls Limited was established in 1989 and is now one of the UK's leading drives and motor specialists that offer an extensive range of auto related products, systems and services.

Our products are available for sale online, hire or rent. Quantum Controls expertise has been recognised by the world's leading electrical and automation engineering company, ABB, which has appointed the company as one of only six exclusive UK partners for its motors and drives products.

We also manufacture electrical control panels used across a wide range of industries. We are dedicated to providing our customers with cost effective, high quality services and delivering complete satisfaction by exceeding customer expectations.

In order to achieve this, we are committed to a continuous improvement culture throughout the organisation based on stated company objectives and the EN ISO 9001 standard. We aim to understand the requirements of both our customers and our colleagues, recognising the importance of:

- a) Safety
- b) Training
- c) Customer Relations

We view Quality as an essential company framework to gain competitive advantage, as well as reinforcing and enhancing the company's reputation and image.
